

Synthetic Property A

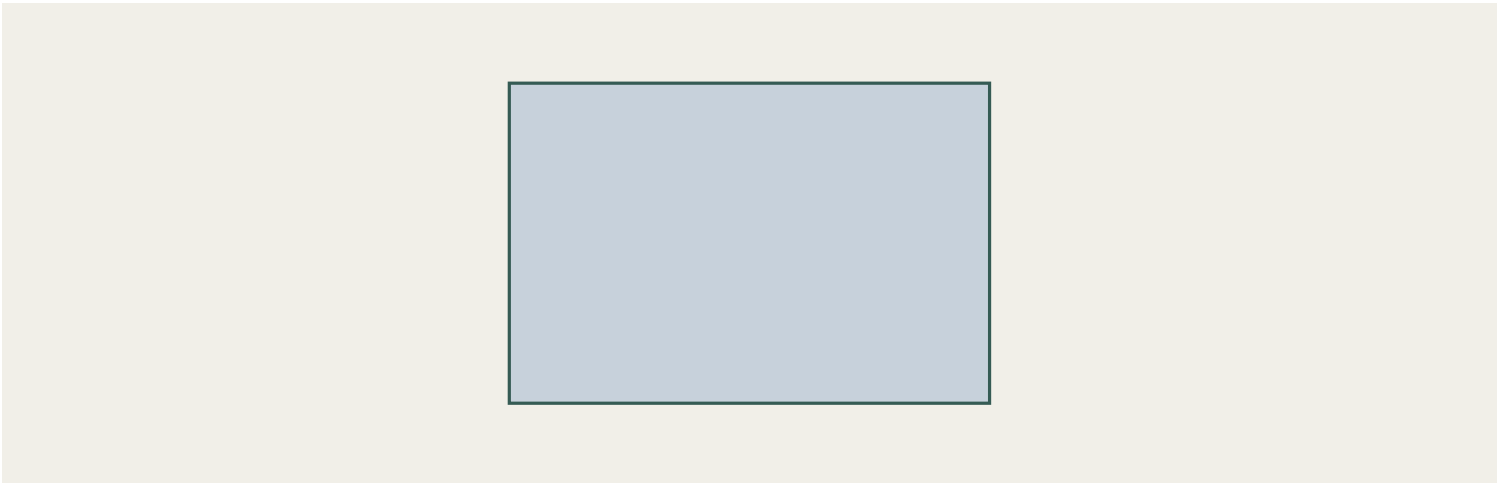

3DU-4CC6J5WEQ99HY9BWKRJ67J6P1A:B001 · revision 1

SYNTHETIC-UI-INV-A-FINAL CLOSED

Plan in EPSG:32643 local metres. Blue: parcel; green: property; orange: computed discrepancy. Geometry is tied to the cited revisions.

Section

East–west cut at local northing 4.00 m. Levels in metres relative to BM-SYNTHETIC-UI-ONLY. Both axes use the same scale; separate references are never aligned by assumption.

Building, floor and unit register

ID	Record	Level range
3DU-4CC6J5WEQ99HY9BWKRJ67J6P1A:B001	Synthetic Property A	—

3DU-4CC6J5WEQ99HY9BWKRJ67J6P1A:F001	property / Ground	—
3DU-4CC6J5WEQ99HY9BWKRJ67J6P1A:S001	Synthetic Room A01	0–4 m

Discrepancies and conditions

OUTSIDE_CONFIRMED_PARCEL Ground occupation extends outside the union of explicitly associated recorded parcels. This is a geometric discrepancy requiring evidence review, not a legal conclusion. 20 m²

ANSWERED Confirm that the retained revised synthetic CSV changes A upper to4m and preserves the0m lower reference. The retained synthetic-levels-revised.csv explicitly states lower0, upper4, unitm, benchmark BM-SYNTHETIC-UI-ONLY. This confirms authored fixture content, not field evidence.

Decision record

Software fixture review complete. The confirmed synthetic parcel produces exactly20m² outside A. A retains its original building and room IDs after the source-supported correction to0–4m. B retains a separate16m² room. This is a technical software record, not a real survey or legal conclusion. Retain this reviewed fixture and exported source snapshot for reproducibility.

2026-09-14T19:40:20.434Z · OPEN · Investigation opened.

2026-09-14T19:40:29.464Z · NEEDS_EVIDENCE · In-app evidence request created.

2026-09-14T19:40:41.370Z · NEEDS_EVIDENCE · Response to evidence request recorded.

2026-09-14T19:41:24.021Z · READY_FOR_REVIEW · The in-app source request has a retained response. The current synthetic check and source snapshot are ready for technical review.

2026-09-14T19:41:39.041Z · REVIEWED · Reviewed the exact 20 m² synthetic parcel discrepancy, preserved source revisions, retained answer, and corrected room limits of 0–4 m. The check is current and this record remains a software fixture.

2026-09-14T19:41:48.255Z · CLOSED · Closed the completed synthetic technical review after its reviewed stage. Original source files, answered request, exact finding and history remain retained. No legal order or real-world survey acceptance is implied.

Local technical investigation; no official title, certificate or legal order. Sources remain immutable; unresolved conditions are retained.
